

## ***AIRCRAFT INSURANCE***

NEXXUS Aerospace Ltd. has very specific knowhow and expertise in Aircraft Insurance. Cover of risks depends on regulations, jurisdiction, the legal residences and/or the effective homebase and/or destinations. Two insurances are required worldwide: Liability insurance against third parties (which provides coverage for damage caused against third parties,

And Insurance against all risks (Hull), which ensures coverage of damage to aircraft. A third insurance, not mandatory, yet very important is war risk coverage for damages caused by acts of vandalism and in case Take-off permission is denied due to political conflicts or terrorism. We involve company insurance or risk managers early in the acquisition process to avoid inadequate coverage or an unacceptable level of risk exposure.
